CAVA

BACKGROUND

As specialist Spanish exporters sparkling wines are one of our specialities.

Cava is one of Spain's biggest exports. With the global market for sparkling wine continuing to grow, we pride ourselves on sourcing the best quality sparkling wines at affordable prices and packaging them in ways that appeal to international consumers.

TOCA CAVA

BACKGROUND

Like all the wines in our range, we tasted thousands of Cavas before creating the Toca range. We wanted a wine that ticked all the boxes:

- **Classic Cava identity:** native Macabeo, Parellada and Trepat grapes
- **Clean taste profile:** Clean, fresh and crisp style with none of the mousiness sometimes associated with Cava.
- **Fine, integrated bubbles:** Made using the traditional bottle fermentation method and aged for 12-15 months prior to release
- **Estate wine:** Rather than buying in grapes, the winemaker uses grapes from vineyards he was personally responsible for planting in 1985.

TOCA CAVA

THE INSPIRATION

- The word “Toca” means touch and it gave us many ideas to play with:
 - Texture – the tactile nature of the bubbles on your palate
 - Finger prints– the delicate touch of the hands that pick the grapes and make the wine with such care
 - Contour lines- we saw that the contour lines of the nearby Serra de Tallat resemble finger prints

TOCA CAVA

THE RESULT

A premium, iridescent label features embossed ridges that echo fingerprints.

These contour lines continue with an elegantly designed capsule.

The simple but striking use of blue, white and silver shows cool, classic chic.
